ICS-300: INTERMEDIATE ICS FOR EXPANDING INCIDENTS

PURPOSE

ICS-300 provides training and resources for personnel who require advanced application of the ICS. The course expands upon information covered in the ICS-100 and ICS-200 courses.

AUDIENCE

This course is intended for individuals who may assume a supervisory role in expanding incidents or Type 3 incidents. Note: During a Type 3 incident, some or all of the command and general staff positions may be activated, as well as division or group supervisor and/or unit leader positions. These incidents may extend into multiple operational periods.

AUDIENCE

ICS-100 and ICS-200, IS-/ICS-700, IS-/ICS-800

COURSE TOPICS

- Describe how the NIMS command and management component supports the management of expanding incidents.
- Describe the incident or event management process for supervisors and expanding incidents as prescribed by ICS.
- Implement the incident management process in a simulated Type 3 incident.
- Develop an incident action plan for a simulated incident.
